HAUSTAGE是全亞洲首間「綠色時尚及生活設計館」，其下品牌都以時尚設計突顯可持續原料及生產方式的價值。這正與BMW i Series電動車一樣，不失時尚同時更在可持續發展的道路上主導電動車的領域。在這多國文化共聚、繁華的中心，更為鮮明的是：HAUSTAGE搜羅了世界各地的品牌，以 Design Japan、Design Nordic 和 Design Asia 為題匯聚於 BMW iSpace Pop-Up 店中。

不妨到 BMW iSpace 忘掉平日工作的繁瑣，在HAUSTAGE手執咖啡逛一逛；於這繁忙都市內的綠洲尋找您的動力和靈感。

HAUSTAGE, the first select shop in Asia for the sustainable fashion and lifestyle brands, expresses the fashionable value of sustainable materials and production methods. This ideology matches the stylish BMW i Series electric cars, which are always being ahead on the road of sustainable electrical vehicle development. HAUSTAGE gathered fashionable brands from all over the World, and by introducing its themes of Design Japan, Design Nordic and Design Asia at BMW iSpace, it further lights up the whole picture in this multi-cultural and busy business center.

Come and visit HAUSTAGE with a coffee in hand to forget about the fatigue from your work; as if to find your motivation and inspiration in this oasis in the hustle and bustle city.

Xiaoyu Hotpot Restaurant has been renamed to Uncle Fong Hotpot Restaurant. Touted to serve up the most true-to-style soup base outside of Chongqing, Uncle Fong's soup base is made from premium & genuine Chongqing spicy hotpot ingredients. The result is nothing short of numbing spice with tingling sensations that seek to satiate even the most discerning of hot pot gourmands.
